Dear AFOL and LEGO® Builder,

you were able to download this booklet for free, actually I'm publishing the building instructions of my MOCs as a gift.

However I put many efforts and some dozens of hours to design and publish these building instructions for this Medieval House. The same is true for my other instructions referenced in this file. May I ask you, as a sort of recompensation, to vote for my LEGO Ideas Project Princess June's Castle and share my project idea in social media.

The futur ratio number of downloads of my instructions / votes for my project will decide if I will still putting efforts to create building instructions for free of my MOCs in the future.

You can vote for my project here: <https://bit.ly/junescastle>

Many thanks in advance. Keep safe and stay healthy. :-)  
Legolux1973

Cher AFOL et constructeur de LEGO®,

t'as pu télécharger ces instructions de montage gratuitement, pour l'instant j'offre les instructions de montage de mes MOCs comme cadeau.

Néanmoins, j'ai mis beaucoup de travail et de nombreuses heures à créer ce guide pour la maison. Il en va de même pour les autres instructions de montage mentionnées dans ce fichier. Je voudrais donc te demander de voter pour mon projet LEGO Ideas Princess June's Castle et de partager mon projet sur les réseaux sociaux. Ceci comme un petit remerciement pour ces instructions.

Le rapport futur du nombre de téléchargements de mes instructions / des votes pour mon projet décidera si je produirai à l'avenir encore des instructions de construction gratuites pour mes MOCs.

Vous pouvez voter pour mon projet ici: <https://bit.ly/junescastle>

Un grand merci d'avance. Restez en sécurité et en bonne santé. :-)  
Legolux1973

Lieber AFOL und LEGO® Baumeister,

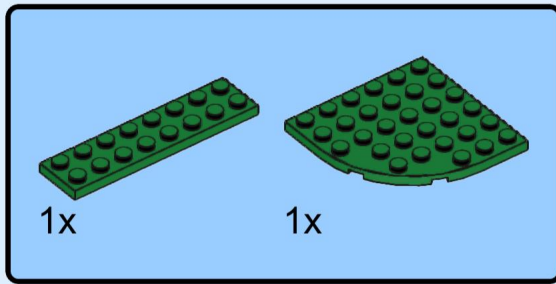

du konntest diese Bauanleitung umsonst herunterladen, momentan verteile ich die Bauanleitungen meiner MOCs als Geschenk.

Trotzdem habe ich viel Arbeit und viele Stunden Zeit in das Anfertigen dieser Anleitung für das Haus gesteckt. Das selbe gilt für die anderen Bauanleitungen auf die in dieser Datei hingewiesen wird. Darum möchte ich dich bitten für mein LEGO Ideas Projekt Princess June's Castle abzustimmen und mein Projekt in den sozialen Medien zu teilen. Quasi als Dankeschön für die Bauanleitung.

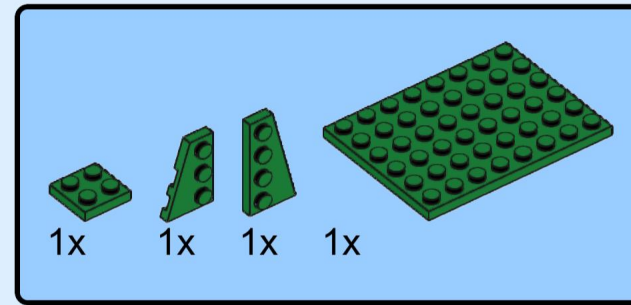

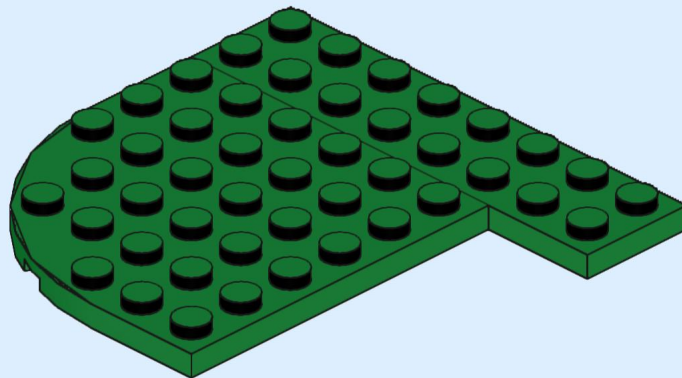

Das zukünftige Verhältniss Anzahl der Downloads meiner Anleitungen / Stimmen für mein Projekt wird darüber entscheiden ob ich in Zukunft noch kostenlose Bauanleitungen für meine MOCs anfertigen werde.

Du kannst hier für mein Projekt abstimmen: <https://bit.ly/junescastle>

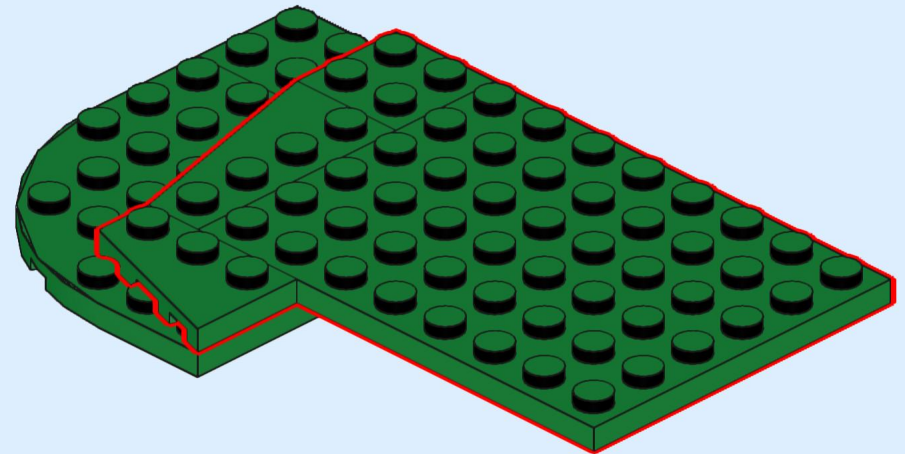

Ein grosses Dankeschön im Voraus. Bleib in Sicherheit und gesund.  
:-) Legolux1973
